

## SMELL NUMBER THREE

I can smell you  
Can you smell me?  
Mix us together  
Makes smell number three

Love's stinky  
Don't fight it  
No roll on

Can hide  
All those fumes  
That comes out  
When we touch

Can hide  
What for loners  
Is a stench  
Too much

And then  
Our noses  
Rub together

And you

Take  
My breath  
Into  
Your lungs

As we become  
Smell Number Three
