

North Dakota's Pride

She takes the subway  
Home each night  
And locks herself inside

This wasn't how  
It should turn out  
For North Dakota's Pride

The smartest girl  
The prettiest too  
And God was on her side

She came to town  
Ten years ago  
Such high hopes  
Such high hopes

Such a gift  
Could not go wrong  
She tried hard  
She tried hard

But nothing worked out

Mommy Daddy  
Mommy Daddy

You know I hate piano lessons  
Please don't make me take  
All those awful ballet classes  
My knees they always ache

I pray to God  
Please take me home

I just want to be like everybody else  
God make me just like everybody else

She gets inside  
And locks the door  
And puts her PJ's on

She orders pizza  
Two for one  
She'll eat them both by dawn

She pours a glass  
Of cheap red wine  
Buzz' the pizza in

And when she opens  
Up her door  
She sees him  
She sees him

And in his eyes  
She sees herself  
She takes him  
She takes him

On the  
Table

Pablo  
Fuck me  
Fuck me  
Pablo

Make me pregnant give me aids  
Just put it in my groove

I know it's unprotected sex  
The UN would not approve

I love you Pablo  
Make me your home

It feels so good to be like everybody else  
Pablo make me feel like everybody else  
She takes the subway  
Home each night  
And locks herself inside

This wasn't how  
It should turn out  
For North Dekota's Pride
